### Utility

- Utility work can frequently conflict with traffic and other workers in vulnerable locations. In these situations, utility work must be coordinated with traffic control; traffic control must be at the forefront of the MUTCD, and Iowa DOT traffic control professionals can provide new and updated traffic control fundamentals. 

### Utilities

- The Iowa DOT teaching team will review traffic control fundamentals in work zone situations, changes and updates in the MUTCD regarding work zone requirements, traffic control plans and specification requirements.
